

# Rotaract Club of Nyali

District 9212 | Rotary International

## Adopt A village - Desk Donation Initiative

Kapecha Primary School, Msumarini Village, Vipingo

Submitted: 2025

# Executive Summary

The Rotaract Club of Nyali is seeking support for the **Adopt a Village—Desk Donation Initiative** at Kapecha Primary School in Msumarini Village, Vipingo. This project aims to provide 330 desks to accommodate 643 students across Grades 1–9.

The total budget is **KES 1,000,000 (~USD 9,950)**. The initiative will create a conducive learning environment, directly improving student performance, attendance, and dignity in education.

**643**

**Students**

Across Grades 1-9

**250**

**Desks Needed**

To seat all students

# Organization Introduction

The [Rotaract Club of Nyali](#), chartered in March 2019, is part of Rotary International District 9212. Our mission is to empower young people, drive sustainable change, and foster global friendship through service.

## Clean Water & Sanitation

Providing access to safe water and improved sanitation facilities in underserved communities.

## Education Support

Supporting schools with infrastructure, supplies, and educational programs for better learning outcomes.

## Health Initiatives

Implementing health programs and medical outreach to improve community wellness.

## Environmental Conservation

Leading environmental projects including tree planting and conservation awareness campaigns.

## Youth Mentorship

Mentoring young people and providing leadership development opportunities.

## Feeding Programs

Addressing food insecurity through community feeding initiatives and nutrition programs.

Over the past six years, our proven track record demonstrates our capacity to manage impactful and sustainable projects.

# Problem Statement

Kapecha Primary School faces an urgent challenge: **inadequate seating for its 643 students**. Currently, many children sit on the floor or share desks, which creates overcrowded, uncomfortable conditions that hinder learning and concentration.

To better understand the scale of the challenge, observe the current classroom conditions at Kapecha Primary School:

This visual evidence highlights the critical need for proper seating. Many students are forced to sit on the floor or squeeze into overcrowded desks, leading to:

## Current Reality

- Students sitting on floors
- Overcrowded shared desks
- Uncomfortable learning conditions

## Impact on Learning

- Reduced concentration
- Poor academic performance
- Decreased attendance

## Student Dignity

- Lack of proper seating
- Unequal learning opportunities
- Compromised educational experience

Research consistently shows that access to proper school furniture significantly improves attendance, academic performance, and overall student dignity. Without adequate desks, children at Kapecha Primary School are severely disadvantaged in their pursuit of quality education.

# Project Objectives & Expected Outcomes

## Primary Objective

To provide 330 durable desks for Kapecha Primary School, ensuring every student has access to proper seating.

### All 491 students properly seated

Every child will have access to appropriate seating for learning

### Improved class participation and concentration

Better learning environment leads to enhanced student engagement

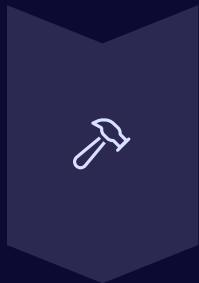

### 20–30% increase in attendance within one year

Comfortable learning conditions encourage regular school attendance

### Greater equity in access to education

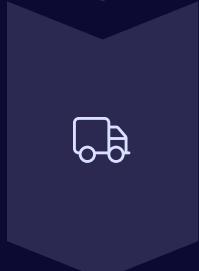

Equal opportunities for all students across Grades 1–9

# Project Implementation Plan

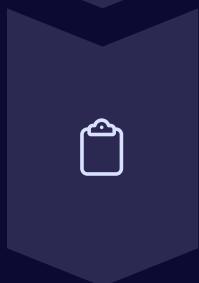

## Phase 1: Procurement

Partner with local carpenters and vendors to produce 330 high-quality desks using sustainable materials and local craftsmanship.

## Phase 2: Delivery & Distribution

Deliver desks to Kapecha Primary School and allocate them strategically per class based on student numbers and grade requirements.

## Phase 3: Monitoring & Evaluation

Teachers and Rotaract Nyali will track desk utilization, student performance improvements, and ongoing maintenance needs.

- ☐ **Timeline:** 2–3 months from funding approval to complete implementation

# Budget & Cost Breakdown

| Item  | Quantity | Unit Cost (KES) | Total (KES) |
|-------|----------|-----------------|-------------|
| Desks | 330      | 4,000           | 1,320,000   |

**Total Budget: KES 1,320,000 (~USD 9,950)**

*\*Official vendor quotation to be attached separately.\**

**Transparent Funding**

All funds directly support desk production

# Sustainability Plan

## Durability

Desks will be made of strong, locally-sourced wood, ensuring long-term use and resistance to wear and tear in the school environment.

## Maintenance

Parent–Teacher Association will oversee regular repairs and upkeep, ensuring desks remain functional for years to come.

## Community Ownership

Local artisans engaged for production and ongoing maintenance, creating local employment and community investment.

## Accountability

Desks branded with school and donor names to ensure transparency and proper utilization of donated resources.

# Monitoring & Evaluation

## Indicators of Success

01

### **100% of students seated properly**

Every child has access to appropriate seating

02

### **Teachers report improved concentration**

Reduced classroom disruptions and better focus

03

### **20%+ increase in student attendance**

Measured within 12 months of implementation

04

### **Regular progress reports**

Photos, receipts, and updates shared with donors

- ❑ **Reporting Schedule:** Monthly updates for the first 6 months, then quarterly reports to track long-term impact and sustainability.

# Call to Action

We invite individuals, organizations, and partners to support the [Donate a School](#) initiative. At a cost of KES 4,000, one desk provides a seat for two children.

## Sponsor One Desk

**KES 4,000**

Provides seating for 2 children

## Sponsor a Classroom

**50 Desks**

Complete classroom transformation

## Sponsor the Whole School

**330 Desks**

Impact every single student

Contributions will be recognized through branding, certificates, and acknowledgment at Rotary events. **Together, we can ensure no child at Kapecha Primary School has to learn on the floor.**
